DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Bondura on 12/3/2007.

The application has been amended as follows:

Please cancel claims 4, 11-14, 16, 19-20, 24, 31, and 33.

On line 13 of claim 1, please replace "first" with --second--.

On line 2 of claim 2, please insert --circular-- in between "flat" and "planar".

On line 13 of claim 6, please replace "first" with --second--.

On line 16 of claim 26, please replace "first" with --second--.

On line 2 of claim 28, please insert --circular-- in between "flat" and "planar".

The following is an examiner's statement of reasons for allowance: The prior art made of record, namely Binks (2,878,836), Bierman et al. (3,868,973), and Utracki et al. (6,550,956) did not disclose or render obvious a medical apparatus flow restrictor comprising the limitations recited in the independent claims. In regards to Binks, there is no disclosure of a continuous first restriction device. The first restriction device of Binks includes an opening (15) in the middle of the device. Furthermore, the Binks

device is not configured to always pass fluid between the opposing surfaces and the opening of the second device prior to flowing from the outlet. In regards to Bierman et al., there is no disclosure of opposed contacting surfaces wherein the surfaces include the limitations recited in the independent claims. In regards to Utracki et al, there is no disclosure of opposed contacting surfaces wherein the surfaces include the limitations recited in the independent claims wherein fluid flows between the contacting surfaces. The surfaces of Utracki are designed to prohibit fluid flow if they contact each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
